Appliance Pick-Up (Per Item)	\$ 20.00/each
Township Maps:	
Small Size	\$ 5.00/each
Large Size	\$ 8.00/each
Pennsylvania UCC Surcharge Fee	\$ 4.50/each permit

Any other request is based upon minimum of \$5.00, based upon time and material required to complete the work requested.

ADDITIONAL PERMIT FEE INFORMATION

ADMINISTRATIVE FEE FOR CHANGE IN CONTRACTOR

Once a permit has been issued, if there is a change in contractor a fee of \$50 will be charged.

NON-PROFIT ORGANIZATIONS AND PUBLIC ENTITIES WAIVER OF FEES

At the discretion of the Board of Commissioners, the permit fee will be 2% of the total cost of the construction.

The foregoing suggested guideline for reduction of building permit application fees is not mandatory upon the Township or the Board of Commissioners and the Board of Commissioners and the Township may deviate from the aforesaid guidelines inasmuch as said waiver is discretionary with the Board of Commissioners. (Resolution 2007-19 passed 12/19/07).

SENIOR CITIZEN/DISABILITY EXEMPTIONS - (RESIDENTIAL ONLY)

- a. Senior Citizens means any person who is sixty-two (62) years of age or over, any widow or widower who is fifty (50) years or older, or any person married to a person who is sixty-two (62) years of age or older.
- b. Disability means any owner with proof of permanent disability.
- c. Permit means any building, plumbing, electrical or other permit required by the Township.
- d. Residence means a property owned and occupied for private, noncommercial living purpose, and includes mobile or modular homes located on rental lots.
- e. Whenever any construction, reconstruction, renovations, replacement, repair or other work requiring the issuance of a permit by the Township, is done to the residence of a senior citizen or disabled person, whether by the owner himself or by a contractor or subcontractor, the required permit shall be issued by the Township at no charge up to \$10,000.00. However, nothing contained herein shall be deemed to excuse any person from procuring any required permit. The senior citizen or disabled person must own and shall live in the residence the permit is being issued for. The provisions of this section shall be effective so long as the estimated cost of the work does not exceed Ten Thousand Dollars (\$10,000.00). This is good once a year only. Anything above Ten Thousand Dollars (\$10,000.00) will be based on the total cost minus the ten thousand dollars.

Contractor Requirement

An original certificate of insurance, with Aston Township as the policy holder, must accompany an application for all Licenses required. Insurance should include, but not limited to: Liability of five hundred thousand dollars (\$500,000.00) single limit or better with one million dollars (\$1,000,000.00) aggregate limit; Workers Compensation Insurance for employees; and completed operations.

Length of Time to Start Work

Residential

A Building Code Official shall grant or deny a permit application, in whole or in part, within 15 business days of the filing date or the application is deemed approved. If the drawings were prepared by a design professional who is licensed or registered under the laws and regulations of the Commonwealth and the application contains a certification by the licensed or registered design professional that the plans meet the applicable standards of the Uniform Construction Code and ordinance as appropriate, a building code official shall grant or deny a permit application, in whole or in part, within 15 business days of the filing date or the application is deemed approved.

Commercial

A Building Code Official shall grant or deny a permit application, in whole or in part, within 30 business days of the filing date. Reasons for the denial shall be in writing, identifying the elements of the application which are not in compliance with the relevant provisions of the Uniform Construction Code and ordinance as appropriate and providing a citation to the relevant provisions of the Uniform Construction Code and ordinance as appropriate, and sent to the applicant.

When Do Permits Expire?

A permit becomes invalid unless the authorized construction work begins within 180 days after the permit's issuance or if the authorized construction work permit is suspended or abandoned for 180 days after the work has commenced. A permit holder may submit a written request for an extension of time to commence construction for just cause. The building code official may grant extensions of time to commence construction in writing. A permit may be valid for no more than 5 years from its issue date.

Penalty Provisions

Failure to obtain the necessary permits will result in the permit fee required under this schedule to be double plus a three hundred (300) dollar fine.

360 PERMIT FEE EXPLANATION

The 360 Permit is for all earth moving activities, re-grading of land, planting and removal of trees and shrubbery, all earth moving activities of land development or any other type of construction.

The 360 Permit is only for re-grading of land.

In addition, the following shall require a building permit and applicable fees: all curb, sidewalk, resurfacing of driveways and parking lots, widening of driveways and all types of retaining walls and landscaping where the contour of character of the land is altered that it may affect drainage of the property and/or adjacent properties.

This includes the Water Quality requirements per Ordinance #815 adopted January 21, 2014 sections 302 A & B:

Sect 302.A EXEMPTIONS from Storm Water Quantity Control:

"when no more than 10% of the total site, up to a maximum of 2000 SF of impervious cover is added to the site."

Sect 302.B. Applicants whose activities are exempted under Section 302.A above shall still be required to meet the **storm water management quality controls** of this Ordinance.

Site Plans Required:

The Building Code Official or the Code Enforcement Officer shall require site plans for all new construction for a single home construction, etc. The site plan shall have the seal of a PA registered engineer or architect. All plan reviews require an escrow fund for the Township Engineer to review the plans and conduct inspections during construction. The permit holder will be responsible for any additional fees necessary for the plan review and required actions.

NOTE:

All permits issued in this section are subject to the requirements of the posting of an escrow fee by the applicant.

See escrow requirements on page 28.

NOTES

1. If required, the Township reserves the right to establish an escrow account for third party professionals, in addition to the fees contained herein.
2. Where a minimum fee and a percentage of total cost of construction fee is given, the Township shall charge the greater of the two fees.
3. Any additional engineering review fees and/or solicitor review fees shall be the responsibility of the applicant (property owner), due to the complexity, size and nature of the project. Additional fees shall be paid in full prior to final approval by the code enforcement officer.
4. Escrows listed above are minimum amounts and can be adjusted per Building Code Officials determination.
