**Round # 2 of Delco Strong Grants Available to Assist Local Businesses and Non-Profits**  
*Online application window opens on July 7*

On June 17, Delaware County Council unanimously voted to authorize the use of CARES Act funds to further assist Delaware County businesses and non-profit organizations that have suffered loss from business interruptions due to the COVID-19 pandemic. Modeled after the popular Delco Strong grant program offered in May, “Delco Strong 2” will also allow non-profit organizations to apply for a grant.

Recognizing the critical need to provide additional support to Delaware County’s local business community during the COVID-19 pandemic, Delaware County launched the Delco Strong program in April. Eligible applicants were able to apply for up to \$7,500. Grant proceeds could be used for rent, mortgage, utilities, and inventory.

Council’s vote authorizes up to \$14 million in additional Delco Strong grants to be distributed to eligible small businesses and non-profit organizations. Business owners and non-profit organizations can apply online beginning on July 7. Businesses are eligible for up to \$20,000. Non-profits are eligible for up to \$50,000.

“We had an overwhelming response to our first Delco Strong program and we wanted to be able to continue to support our local businesses and also assist our local non-profits,” said Delaware County Councilwoman Elaine Schaefer. “The feedback we received from the first round was incredible. Many business owners contacted us and said that these grants helped to save their businesses and everything they had worked so hard for. We know that our local business community has been greatly impacted, and Delco Strong is one way in which we can help them get back on their feet.”

"Our team at The Foundation for Delaware County is grateful to Delaware County Council for recognizing that non-profits not only provide valuable services but that they are employers who pay rent, hire vendors, and have many other local businesses depending on them to be financially sound," said Frances Sheehan, President of The Foundation for Delaware County. "We encourage all non-profits headquartered in Delaware County with less than \$9M in revenues to apply online and also please help us spread the word about this important new funding opportunity."

The Delco Strong 2 program (for profit businesses) is administered by the Delaware County Economic Development Oversight Board, which together with The Foundation for Delaware County will administer the non-profit community portion. The program is funded entirely by a County Council grant in the amount of \$14M.

"Between the two rounds of funding the County has stepped forward in a unified effort to distribute approximately \$20M in funds to the business community to keep Delco Strong," said Patrick Killian, Director of the Delaware County Commerce Center.

Please note: this is a *not* a first come first serve program. Priority preference for funding is explained on the Delco Strong website.
